

KEY DOCUMENT

Finnish Advisory Board on Research Integrity:
Ethical principles of research in the humanities and social and behavioural sciences and proposals for ethical review (2009)

WHAT TO COLLECT

Necessary?

ACCESS

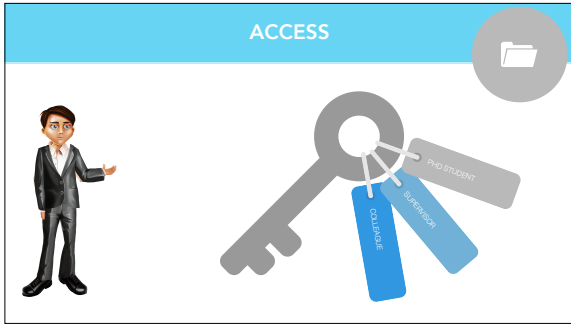

Illustration of a man in a suit standing next to a large key. The key has three tags: 'COLLABORATOR', 'SUPERVISOR', and 'PROSECUTOR'. A folder icon is in the top right corner.

ANONYMISATION

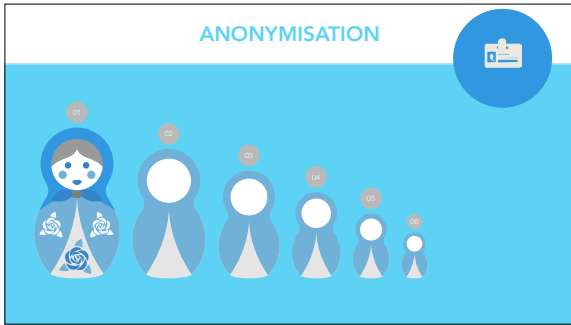

Illustration of six nesting dolls of decreasing size, each with a unique face and a small ID tag above it.

ANONYMISATION

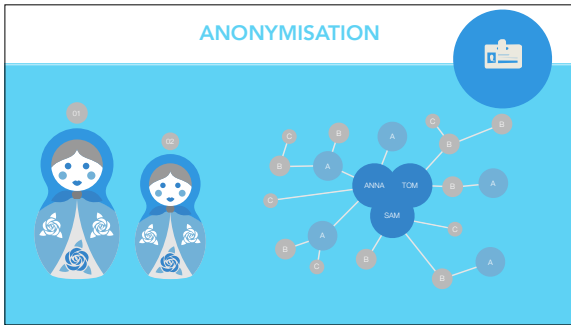

Illustration of two nesting dolls on the left and a complex network diagram on the right. The network diagram has a central node labeled 'ANNA TCM SAM' connected to several other nodes labeled with letters A, B, and C.

ANONYMISATION

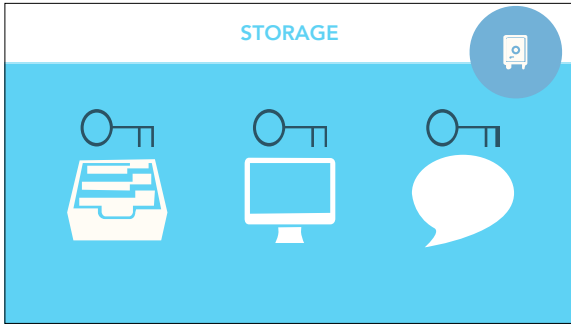

Illustration of two nesting dolls on the left and a diagram on the right showing a central laptop icon with arrows pointing to two groups of three people icons.

STORAGE

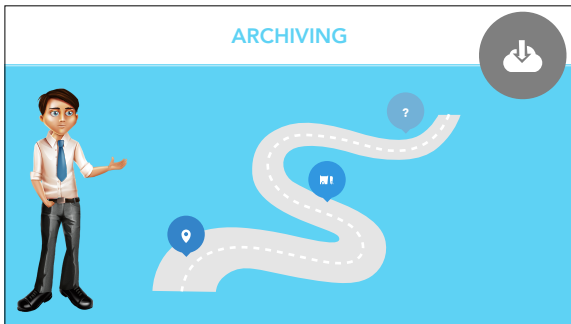

GUIDELINES ON STORAGE

1. European Code of Conduct for Research Integrity:
data needs to be stored in a secure and accessible form

2. Finnish Advisory Board on Research Integrity:
disregard for the responsible conduct of research include: inadequate
record-keeping and storage of results and research data.
